

UBER RIDERS, KNOW YOUR RIGHTS.

The Federal Court has ruled: Uber is an employer and is violating Swiss law by classifying you as self-employed. You are not alone – we stand together for your rights. These are our demands:

1

Fair Pay & Holidays

A decent hourly wage for every hour (including waiting time) plus paid holiday leave.

2

Social Security

Full insurance for accidents and sickness, plus contributions to your pension (AHV).

3

Freedom of Unionization

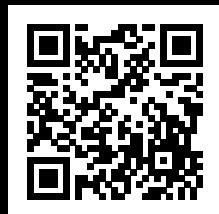

It is your right to join a union. Organized workers are louder and achieve real improvements.

4

Proper Contract

A real employment contract protected by the industry's collective labor agreement (GAV).
